# Managing business processes with Smalltalk

Janko Mivšek Eranova d.o.o. janko.mivsek@eranova.si

#### Contents

- #Business Processes: a common language
- # From modeling to execution
- # Different viewpoints to BPM
- # In practice: Measure calibration process
- # Architecture of BiArt/BPM

## Gap between businessmen and IT

#### **Businessman view:**

Profit, organization, performance, relationships, rules, procedures, business processes

#### #IT view:

Tables in databases, user interfaces, workflow, coding

#### # How to narrow the gap?

- **■** Common view: Business Processes
- Common modelling language BPMN

## Common language

#### **Business** processes

- Business Process Diagram
- Standardized graphical notation
- Diagram shall be simple and understandable to all

## **Business Processes**

- #From modelling ...
  - ISO 9001:2000
- #to execution...
  - **BPMS** (Business Process Management Systems)
- #measurement...
  - **BAM**, BI, KPI (Key Performance Indicators)
- #and improvement.

## Business process - definition

- # "Business **process** is a series of **tasks**, which are executing in a **sequence** or in **parallel**, with a possible participation of one or more **individuals** to reach a common **goal**.
- **Business process** means:
  - process definition
  - **instance** of a process in execution
    - there can be more than one instance of a process definition

# BPMN (Business Process Modeling Notation)

- Universal standard for business process modelling (published in May 2004)
  - simple, clear, readable, concise description of business process
- # It also enables the process execution
  - strong mathematical background
  - support for BP execution standards (BPEL, XPDL)

### Different Viewpoints on BPM

#### Pipeline Measure Calibration Process

	Aktivnost	Izvajalci (o) odgovoren (z) zadolžen (n) nadomešča (s) sodeluje	Zapisi (p) prejme (i) informiran (a) arhiv	Reference	
1	01. Prevzem				
	Merilo prevzamemo in mu natisnemo delovni nalog, ki ga spremlja skozi proces. Merilo nato vskladiščimo.	(o) vodja oddelka za meritve (z) skladiščnik		TS TSS/ OZM 04 Navodilo za c sprejem in izdajo	
	02. Vhodna kotrola				
	Merilo preverimo, če je ustrezno in pripravljeno za meritev. V primeru ugotovljenih nepravilnostih opravimo servis.	(o) vodja oddelka za meritve (z) inštrumentalist			
,	3. Umerjanje				
	Merilo umerimo tako, da ugotavljamo	(o) skladiščnik		TS TSS/ OZM 12 Navodilo za
